

A Blockchain Solution for Foreign Students' Education Payments

Abstract:

NTI Cryptogate introduces NTI, a blockchain-powered token and platform designed to revolutionize tuition payments for foreign students. By leveraging blockchain technology, NTI provides a fast, low-cost, and sanction-resistant payment solution that ensures seamless tuition transactions.

This white paper serves as a technical and conceptual document for NTI token and the NTI Cryptogate platform, developed by Codex, a student. The NTI token contract, deployed on 20.08.2024, proves the ownership and originality of this idea.

Token Contract Address (Ethereum - Sepolia Testnet):

Token Contract Address (Tron - Nile Testnet): TR7RGgCZyvwU6Kd4n6Xmyfv23Lx6XhVnvz

Important Notice:

This university tuition payment platform is in development but has NOT been formally admitted or confirmed by any university.

The project remains in the TEST NETWORK and TESTING STAGE.

It does NOT function in a formal or operational manner.

Problem Statement:

Foreign students face major difficulties when paying tuition fees, including:

- High international transaction fees

- Long processing times
- Sanctions restricting international transactions
- Limited banking access

#### The NTI Cryptogate Solution:

- Processes payments instantly with ultra-low fees
- Enables payments in USDT
- Allows seamless conversion of USDT into local Digital Currency
- Ensures full transaction transparency via blockchain

#### NTI Token Overview:

- Token Name: NTI Token
- Symbol: NTI
- Blockchain Networks: Ethereum (Sepolia testnet), Tron (Nile testnet)
- Token Standards: ERC-20, TRC-20
- Decimals: 18

#### Technology & Implementation:

- Ethereum & Tron Smart Contracts (ERC-20 & TRC-20)
- Decentralized Application (DApp)
- Wallet Integration (MetaMask, TronLink, etc.)
- Blockchain Security Audits

#### Roadmap:

Phase 1: Token Launch, Tuition Payment Integration

Phase 2: Adoption by Universities, Smart Contract Optimization

Phase 3: Partnerships, Expansion to Other Services

## Phase 4: Integration with National Digital Currency

### Conclusion:

NTI Cryptogate is an innovative blockchain-based tuition payment system for foreign students.

It provides:

- Fast & Low-Cost Transactions
- Sanction-Free Payment Methods
- Blockchain Security & Transparency
